MEMORANDUM FOR: Director of Security

SUBJECT : Office of Security Statistical Report
for February 1959

1. The attached tables and charts reflect some of the activities of certain components of the office during February 1959. The statistics in the tables are compiled by the component concerned; the charts are prepared in this office from the statistics furnished by the components.

2. During your absence last month I made several changes in the format and content of the January report with the objective of improving its coverage and usefulness. These changes will be continued in subsequent reports. A further change is being made in the current report with respect to Table D and Chart #6 which reflect the statistics of full field investigations and name checks. The revision of Table D and Chart #6 will, I believe, present a useful record of full field investigations and assignments.
